

CVRT Test Report YY-CC-12345

TEST RESULT Fail. N.B.! - RE-TEST MUST BE COMPLETED BY "15/05/2018". RE-TEST FEE: €90.81

You should book an appointment for your re-test at least 5 days before 15/05/2018

Please note that all re-tests must be conducted within 21 calendar days and within 4,000kms of the initial full test.

Centre/Test/Tester Details

CVR Testing centre name	Athlone Institute of Technology	Unique CVR Testing Centre number/ID	7
CVR Testing centre Ph number	090 64 81824	Unique Test ID number	70001100
Vehicle Tester ID		Test date	10/05/2018

Vehicle/Owner/Presenter Details

Registered Owner's Name	Vehicle Registration Number	YYCC12345	Odometer Reading 555 KM
Registered Owner's Address	Manufacturer	RENAULT	
	Model		
	GDVW (Gross Design Vehicle Weight)		
	VIN Number		
	Test Category	Carriage > 8 <= 14 passenger seats	

Steering Alignment

Axle	Unit	Limits	Result
Axle 1	1m/km	Outside ±14.00m/km	PASS

Brake Test

Brake Test	Brake Effort		Design Axle Weight	Imbalance	Limits	Result
	Nearside	Offside				
Service Brake Axle 1	5000KGF	5000KGF	4000Kg	0%	Imbalance above 30%	PASS
Service Brake Axle 2	5000KGF	5000KGF	4500Kg	0%	Imbalance above 30%	PASS
Parking Brake Axle 2	5000KGF	5000KGF	4500Kg	0%	Imbalance above 50%	PASS
Service Brake Efficiency		571.43%			Efficiency Below 55%	PASS
Parking Brake Efficiency		285.71%			Efficiency Below 16%	PASS

Smoke

Engine Temp	Result	Limits	Result
1 °C	Opacity (k-mean) 1	Above 3M-1	PASS

Headlamp Aim Testing

Dip Beam	Nearside	Offside	Limits	Result
Dip Beam	PASS	PASS		PASS

Additional Fail Items/Deficiencies

Item	Reason	Result
1 BRAKING EQUIPMENT 1.2 Service braking performance and efficiency 1.2.1: Performance	(e) No gradual variation in brake effort (grabbing). (Brake Equipment Re-Test Required)	Fail Major
3 VISIBILITY 3.2: Condition of glass	(e) Windscreen is not marked as automotive safety glass.	Fail Major
6 CHASSIS, CAB AND BODYWORK 6.1 Chassis or frame and attachments 6.1.1. General condition Rear / Offside / Inner / Upper	(h) Advanced corrosion or other equivalent damage is present.	Fail Major

6	CHASSIS, CAB AND BODYWORK	(c) Leaks in system are evident.	Fail Major
	6.1 Chassis or frame and attachments		
	6.1.3 Fuel tank and pipes (including heating fuel tank and pipes)/System		
8	EMISSIONS/NOISE	(a) Any excessive fluid leak, other than water, likely to harm the environment or to pose a safety risk to other road users.	Fail Major
	8.4 Fluid leaks		
	8.4.1. Fluid leaks		
9	SUPPLEMENTARY TESTS FOR PASSENGER-CARRYING VEHICLES M2, M3	(d) Warning buzzer or lights (where fitted) not working.	Fail Major
	9.1 Doors/Body Condition and Integrity		
	9.1.2. Emergency exits		
	Rear / Offside / Inner / Upper		

TEST RESULT**FAIL**

THIS VEHICLE HAS MAJOR DEFECTS THAT MAY PREJUDICE ITS SAFETY OR HAVE AN IMPACT ON THE ENVIRONMENT OR PUT OTHER ROAD USERS AT RISK. ALL DEFECTS IDENTIFIED IN THIS REPORT MUST BE RECTIFIED

RE-TEST FEE : €90.81

PLEASE READ CAREFULLY - RE-TEST

RE-TEST MUST BE COMPLETED BY "15/05/2018".

INFORMATION ABOUT RE-TESTS

Please note that all re-tests must be conducted within 21 calendar days and within 4,000Kms of the initial or periodic test.

A re-test can only be conducted at the CVR testing centre where the original test was failed. Where a vehicle is presented for a re-test at another testing centre, a full test must be conducted at a full test price.

Please note all defects identified in this test report (including Minor Deficiencies) must be rectified before presenting the vehicle for a re-test.

A re-test which requires the use of test equipment will incur a fee. It is advised that you make arrangements for your re-tests as soon as possible to allow for the possibility that additional re-tests may need to be conducted within 21 calendar days. The re-test fee is noted above in this report.

The vehicle can be booked in online at www.cvr.ie or you can phone your CVR testing centre to arrange a suitable date and time.

Re-tests not requiring the use of test equipment will be conducted free of charge but still must be conducted within 4,000kms and 21 calendar days.

Please note that if either type of re-test is sought after 21 calendar days of the initial or periodic test, the CVR testing centre must conduct another full test at a full test price. This is because the condition of the vehicle may have deteriorated in the interim period.

ODOMETER READINGS

The recipient of this Test Report should check that the odometer reading entered on this statement is correct and inform the CVR Test Operator, before leaving the CVR testing centre, if it is not.

Key: N/D = Not Done

Fail DD = Fail Dangerous

Note: All Equipment 'Fail' results are categorised as 'Major' unless otherwise specified
