

# Understanding your Vehicle Roadworthiness Risk Rating

**Your Roadworthiness Risk Rating** is based on items that relate to the safety condition of your vehicle(s) and your compliance with legal obligations regarding vehicle roadworthiness

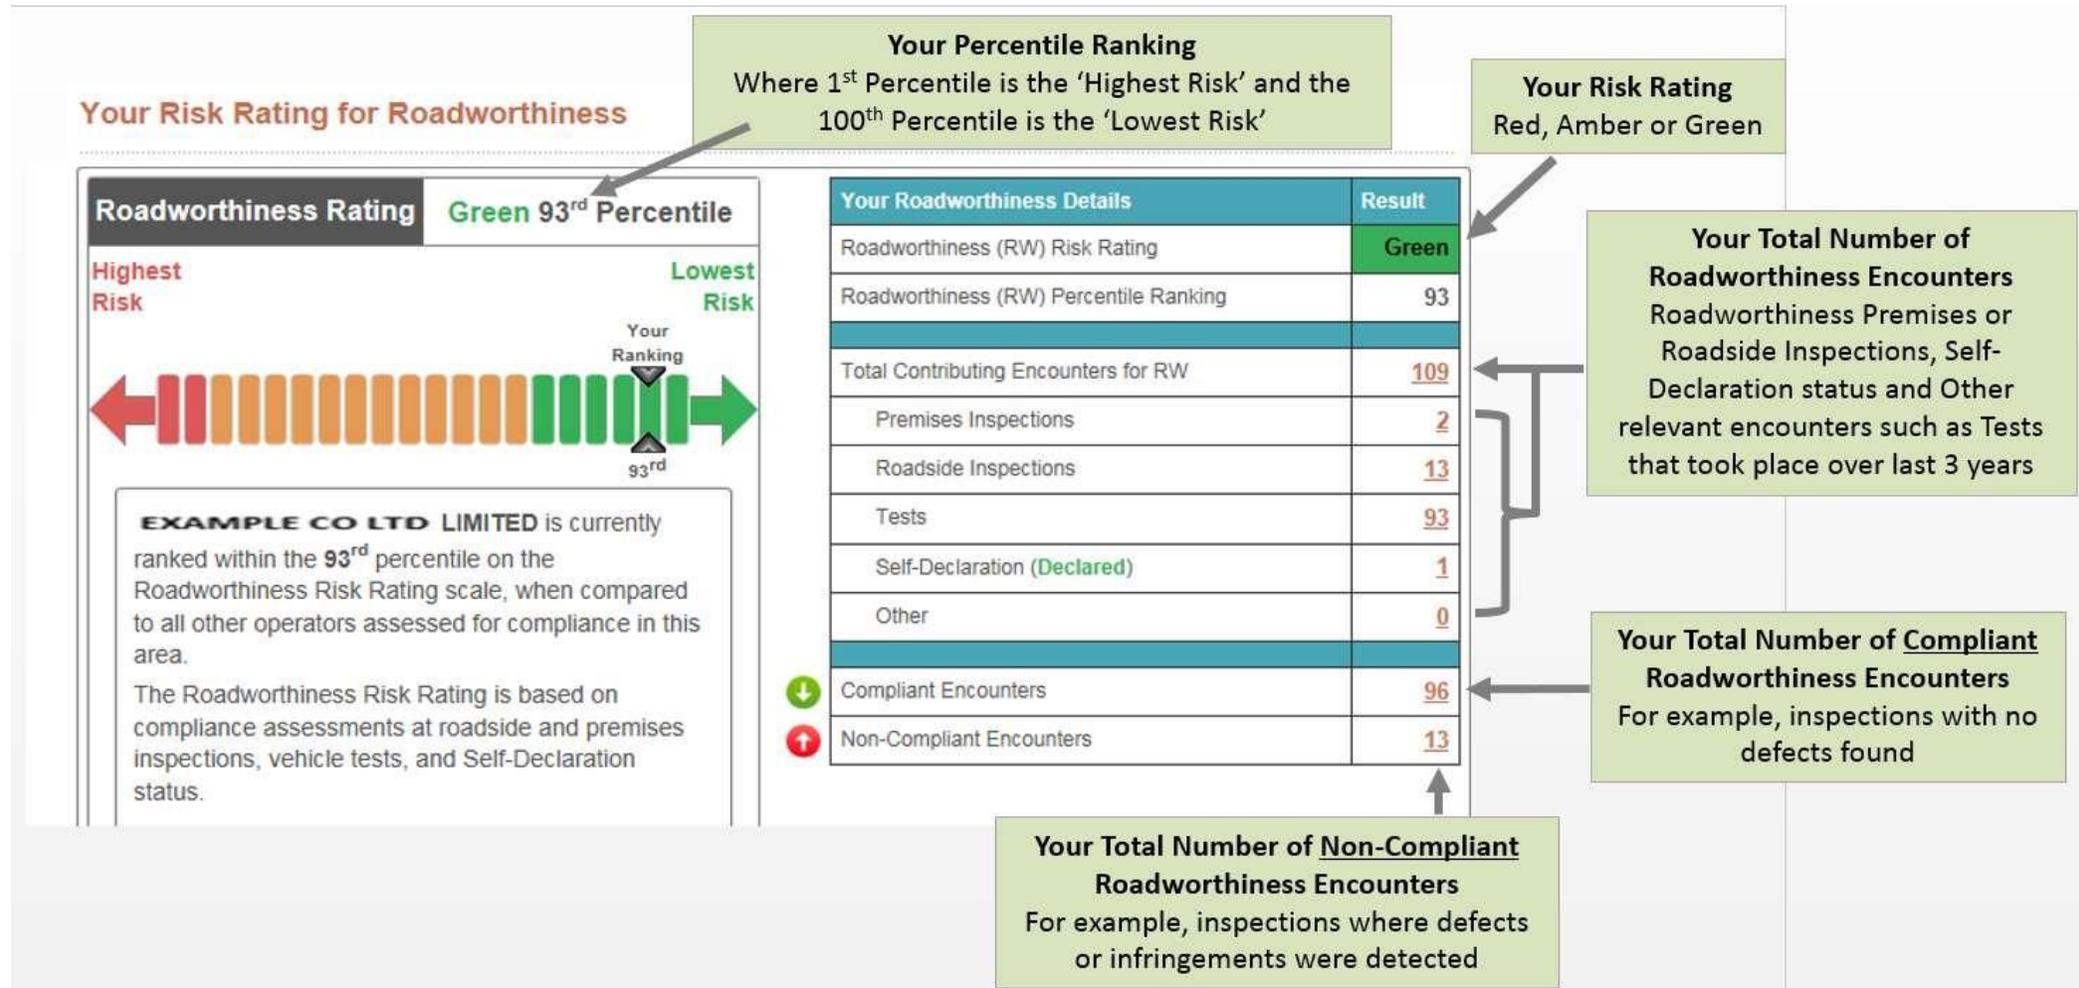

\*An operator either has or has not a current self declaration so no average is applicable

The Road Safety Authority may amend how operator risk ratings are calculated. Please visit [www.cvrt.ie](http://www.cvrt.ie) to get the most up-to-date information

## CVRT Online Account – Roadworthiness (RW) Summary

This is a sample report with explanations of the key areas. It does not contain all of the data used to calculate the overall operator rating.

The Road Safety Authority may, from time to time, amend how operator risk ratings are calculated and how your reports are displayed. Please visit [www.cvrt.ie](http://www.cvrt.ie) to get the most up-to-date information

This is a sample report with explanations of the key areas. It does not contain all of the data used to calculate the overall operator rating.

**Timeframes**  
 Year 1 - the last 12 months (Highest Weighting)  
 Year 2 - between 13 and 24 months (Medium Weighting)  
 Year 3 - between 25 and 36 months (Lowest Weighting)

**Roadworthiness – Summary of items influencing your risk rating for the last 3 years**

Premises Inspections	Year 1	Year 2	Year 3
Minor Defects or Minor Infringements	0	3	0
Major Defects or Serious Infringements	0	0	0
Dangerous Defects or Very Serious Infringements	0	0	0
Most Serious Infringements	0	0	0

**Total Number of Defects or Infringements issued at Premises Inspections**  
 Defects/Infringements are listed by severity over the last 3 years. In this example, a total of 3 Minor Defects/Infringements were detected in Year 2.

Roadside Inspections	Year 1	Year 2	Year 3
Minor Defects or Minor Infringements	0	2	0
Major Defects or Serious Infringements	0	1	0
Dangerous Defects or Very Serious Infringements	0	0	0
Most Serious Infringements	0	0	0

**Total Number of Defects or Infringements issued at Roadside Inspections**  
 Defects/Infringements are listed by severity over the last 3 years. In this example, 1 Minor Defect/Infringement and 1 Major Defects/Infringements were detected in Year 2.

Annual CVR Test Results	Year 1	Year 2	Year 3
Full Test - Pass	36	28	20
Full Test - Fail	2	3	3
Full Test - Fail Dangerous	0	0	0
Re-Test - Pass	1	3	3
Re-Test - Fail	0	0	1
Re-Test - Fail Dangerous	0	0	0

Annual CVR Tests: Defect Severities	Year 1	Year 2	Year 3
Minor Fail Items	0	0	15
Major Fail Items	5	5	0
Fail Dangerous Items	0	0	0

Vehicles - Annual CVR Test	Year 1	Year 2	Year 3
Total Vehicles presented for Annual CVR Test	37	31	23
Vehicles presented on-time for Annual CVR Test	37	31	23
Vehicles presented late for Annual CVR Test	0	0	0

Vehicles - Voluntary Tests	Year 1
Vehicles presented for voluntary testing between statutory CVR Test dates (last 12 months only)	0

**Important note on Voluntary Tests:**  
 The frequency of voluntary testing, in between your annual testing, has a favourable influence on your risk rating. The outcome or result of a voluntary test does not influence your risk rating.

The Road Safety Authority may, from time to time, amend how operator risk ratings are calculated and how your reports are displayed. Please visit [www.cvrt.ie](http://www.cvrt.ie) to get the most up-to-date information

This is a sample report with explanations of the key areas. It does not contain all of the data used to calculate the overall operator rating.

**Roadworthiness – Summary of items influencing your risk rating for the last 3 years**

Premises Inspections	Year 1	Year 2	Year 3
Minor Defects or Minor Infringements	0	3	0
Major Defects or Serious Infringements	0	0	0
Dangerous Defects or Very Serious Infringements	0	0	0
Most Serious Infringements	0	0	0

Annual CVR Test Results	Year 1	Year 2	Year 3
Full Test - Pass	36	28	20
Full Test - Fail	2	3	3
Full Test - Fail Dangerous	0	0	0
Re-Test - Pass	1	3	3
Re-Test - Fail	0	0	1
Re-Test - Fail Dangerous	0	0	0

Annual CVR Tests: Defect Severities	Year 1	Year 2	Year 3
Minor Fail Items	0	0	15
Major Fail Items	5	5	0
Fail Dangerous Items	0	0	0

Vehicles - Annual CVR Test	Year 1	Year 2	Year 3
Total Vehicles presented for Annual CVR Test	37	31	23
Vehicles presented on-time for Annual CVR Test	37	31	23
Vehicles presented late for Annual CVR Test	0	0	0

Vehicles - Voluntary Tests	Year 1
Vehicles presented for voluntary testing between statutory CVR Test dates (last 12 months only)	0

**Important note on Voluntary Tests:**  
The frequency of voluntary testing, in addition to statutory testing, has a positive impact on your risk rating. The frequency of a voluntary test can also impact your risk rating.

**Annual CVR Tests – Test Result**  
The number of CVR tests over the last 3 years. The listing is broken down by CVR test result. In this example, over the last 12 months, a total of 39 tests were carried out. 36 tests were passed first time, 2 tests failed and 1 re test passed. There were no tests that had a result of Fail Dangerous.

**Annual CVR Tests – Defect Severities**  
Maximum severity of fail items detected at each CVR Test over the last 3 years. In this example, in the last 12 months, there were 5 Test Items detected at CVR tests where the highest defect severities were Major (MaD).

The Road Safety Authority may, from time to time, amend how operator risk ratings are calculated and how your reports are displayed. Please visit [www.cvrt.ie](http://www.cvrt.ie) to get the most up-to-date information.

**Roadworthiness – Summary of items influencing your risk rating for the last 3 years**

Premises Inspections	Year 1	Year 2	Year 3	Annual CVR Test Results	Year 1	Year 2	Year 3
Minor Defects or Minor Infringements	0	3	0	Full Test - Pass	36	28	20
Major Defects or Serious Infringements	0	0	0	Full Test - Fail	2	3	3
Dangerous Defects or Very Serious Infringements	0	0	0	Full Test - Fail Dangerous	0	0	0
Most Serious Infringements	0	0	0	Re-Test - Pass	1	3	3
				Re-Test - Fail	0	0	1
				Re-Test - Fail Dangerous	0	0	0
				Annual CVR Tests: Defect Severities	Year 1	Year 2	Year 3
Roadside Inspections	Year 1	Year 2	Year 3	Minor Fail Items	0	0	15
Minor Defects or Minor Infringements	0	2	0	Major Fail Items	5	5	0
Major Defects or Serious Infringements	0	1	0	Fail Dangerous Items	0	0	0
Dangerous Defects or Very Serious Infringements	0	0	0				
Most Serious Infringements	0	0	0				

Vehicles - Annual CVR Test	Year 1	Year 2	Year 3
Total Vehicles presented for Annual CVR Test	37	31	23
Vehicles presented on-time for Annual CVR Test	37	31	23
Vehicles presented late for Annual CVR Test	0	0	0

Vehicles - Voluntary Tests	Year 1
Vehicles presented for voluntary testing between statutory CVR Test dates (last 12 months only)	0

**Important note on Voluntary Tests:**

The frequency of voluntary testing, in between your annual testing, has a favourable influence on your risk rating. The outcome or result of a voluntary test does not influence your risk rating.

**Annual CVR Test - Vehicles**

This shows the number of vehicles you presented for CVR Test. It also shows how many of your vehicles were presented on-time or late (after their test due date). In this example, all vehicles presented for test on time.

**Voluntary Tests - Vehicles**

This shows the number of vehicles you presented for a voluntary test in the last 12 months. In this example, no vehicles were presented for voluntary test in the last 12 months.

The Road Safety Authority may, from time to time, amend how operator risk ratings are calculated and how your reports are displayed. Please visit [www.cvrt.ie](http://www.cvrt.ie) to get the most up-to-date information.
